Jorge Quintana Llitrá

Game Developer

Game Developer and Computer Engineer with 5+ years in technology, focused on Unity, C#, and backend systems for video games. Experienced in leading technical teams, building game infrastructure, and delivering polished mechanics using OOP and OOD principles.

Education

MASTER IN VIDEOGAME PROGRAMMING IN UNITY

From 2023 to 2024 [Tokio School](#) Spain

COMPUTER ENGINEERING DEGREE

From 2012 to 2019 [School of Computer Engineering](#) Las Palmas, Spain

HIGH SCHOOL CERTIFICATE

From 2010 to 2012 [School of San Ignacio de Loyola](#) Las Palmas, Spain

CERTIFICATE OF SECONDARY EDUCATION

From 2006 to 2010 [School of San Ignacio de Loyola](#) Las Palmas, Spain

Work experience

GAME DEVELOPER

Since May 2023 [RISING PIXEL SL](#) Las Palmas, Spain

Developed backend infrastructure for video games and created videogames for companies, with a focus on scalable systems and game delivery. Built advergaming solutions within the same role.

SOFTWARE DEVELOPER

From April 2020 to February 2022 [SYMBYOSYS](#) Las Palmas, Spain

Led development of an employee web portal and supported coworkers by supervising, correcting, and resolving questions. Contributed to daily production environment maintenance and served as a lead developer on the portal.

SOFTWARE DEVELOPERS

From September 2019 to April 2020 [GRUPO1844](#) Las Palmas, Spain

Developed the employee web portal for GRUPO1844 as a web developer, supporting internal business tooling. Kept the focus on portal delivery and maintenance responsibilities.

APPLICATION MANAGER

From February 2019 to September 2019 [MINSAIT](#) Madrid, Spain

Release management is useful background for game delivery and production workflows, but the current wording is unpolished and vague. Recruiters may discount it if they cannot quickly parse the role and responsibility.
